

Dear Colleagues and Friends,

On behalf of EPOS and Norwegian Pediatric Orthopedic Society, it is a great pleasure to welcome you to the 37th EPOS Annual Meeting in Oslo. This is the first time the yearly EPOS Meeting is being arranged in Norway and we are honored and pleased to have the opportunity to host this event which has become so important to pediatric orthopedic specialists all over Europe.

Oslo lies between the Oslofjord and surrounding hills and has more than 600000 inhabitants. The combination of modern city life, world-known museums and attractions, and access to outdoor activities makes Oslo a unique destination. As meeting venue we have booked Oslo Congress Center, which is ideally located in the heart of the city, within walking distance from all city hotels, the City Hall and the harbor area.

We would also propose, especially if you have not been to Norway before, that you set aside a few days before or after the Congress to see more of our beautiful country. Mid-April is spring-time in Norway and it is usually a pleasant temperature, but it can still be perfect conditions for skiing in the mountains.

Our Society is growing with significant increase of younger colleagues. This fact makes us certain that based on your submitted abstracts, the Reading and Scientific Committee will prepare an excellent scientific program. In addition, there will be a Pre-meeting Course with the topic DDH – you certainly shouldn't miss.

We are looking forward to seeing you all in Oslo in April, 2018!

Terje Terjesen
Chairman of the Local Organizing Committee

Darko Anticevic
EPOS President

Deadline for abstract submission: **15th October, 2017**
